Skill development is one of the priority agenda of the Government of India. National Skill Development Mission launched by the Government aims to train 400 million Indians by 2022. For achieving this goal, vocational education needs to play an effective part in the changing national context. Considering the diversity of skill requirements across various levels, NIOS is offering around 100 vocational courses in the areas of Agriculture and Animal Husbandry, Business and Commerce, Computer & Information Technology, Engineering & Technology, Home Science & Hospitality, Health and Paramedical Sciences, Teacher Training etc. The courses are designed and developed with the involvement of academicians and entrepreneurs as per the National Occupational Standards (NOS) provided by the different Sector Skill Councils (SSCs).

NIOS is an institution with a difference, which on the one hand is providing flexibilities to suit the learners’ need and on the other hand, is working in close coordination with organizations of national importance such as Ministry of Skill Development, National Skill Development Agency (NSDA), Ministry of Textiles (MoT), Indian Medical Association (IMA), India Tourism Development Corporation (ITDC) and many more for skillling the learners as per market demand.

NIOS imparts education through Open and Distance Learning (ODL) mode using a media mix of Self-instructional printed material and audio/video programmes that are supported by Personal Contact Programme as well as practical training at the AVIs. These are further supplemented by Radio broadcasts, live two way television interaction with learners through Swayam Prabha DTH Channels and audio streaming through internet on NIOS website known as Mukta Vidya Vani. Six vocational courses are also available on the SWAYAM portal of the Govt of India. The registration for these courses is free of cost.

NIOS has introduced live two way video interaction with the learners on DTH channel VAGDA every Wednesday from 2.00 pm to 3.00 pm, wherein, the learners of vocational courses can interact live.

Training schedules have also been prepared for standardization of learning outcomes throughout the country. To bring in industry linkages, NIOS is revising its courses to make them compliant to National Skill Qualification Framework (NSQF) as well as meet the industry requirements. Insurance course is being revised as per IRDAI guidelines so that the students need not undergo additional IRDAI stipulated training. Courses in the field of textiles have been designed in collaboration with the Ministry of Textiles, Home Science courses have been revised and collaborated with ITDC and Health related courses are being developed in collaboration with the Ministry of AYUSH.

Some of the courses that are being launched shortly and which may be of interest to you are Floriculture, Bamboo Cultivation, Naturopathy and Yogic Sciences, Retail Sales Associate, Artificial Intelligence, Business Analytics and Diploma in Operation Theatre Technician. 4.3 Evaluation: Some Highlights

NIOS has devised a suitable method of evaluation considering the practical nature of vocational courses where more emphasis is laid on evaluation of skills acquired during the course of study. In many cases, the component of internal assessment has also been introduced to ensure continuous evaluation. Thus, there may be three components of evaluation:

(a) Practical Examination
(b) Theory Examination
(c) Internal Assessment (if any)

Practical and Theory Examinations

Both the Practical and Theory Examinations are conducted twice in a year in April–May and in October–November. Practical Examinations are organized at AVI/SAIED only.

Internal Assessment

NIOS has a provision of Internal Assessment in several courses as detailed in Table-II from pages 33 to 40. This is based on Periodical Tests, Viva-Voce, Assignments, Projects, etc. It will be conducted by AVI/SAIED. Passing in Internal Assessment, wherever applicable, is a necessary condition for passing the examination.

Results are declared approximately eight weeks after the last paper of the Public Examination.

The details about the duration of Theory and Practical examinations and the maximum marks for each paper are given at Table II from pages 33 to 40.

4.4 Registration for Examination

For April–May Examination:
1st January to 15th January

For October–November Examination:
1st July to 15th July

There will be no registration for examination after the prescribed dates.

4.5 Examination and other Fees

You have to contact your AVI/SAIED within the specified time to register for the public examinations and pay the examination fee. Examination fee for all types of Vocational Education courses is Rs. 370 per subject/module (together for Theory, Practical, and Internal Assessment, if any).

All candidates have to pay the examination fee. Payment for examination fee can also be made online.

4.6 Pass Criteria

The pass criteria in different courses is given at Table III on pages 41 to 46 Please note that passing separately in all the components i.e. Theory, Practical and Internal Assessment (if any) is necessary.

If you pass in a component (practical, theory, or internal assessment), your marks in that component will be retained. You need not appear in that component again. You have to appear only in the remaining component(s). However, you have to pay complete examination fee.

4.7 Credit Accumulation

You can avail multiple chances to take examinations. NIOS will keep and accumulate your pass credits in a particular module till you clear all the required modules for certification.

4.8 Combination of Credits in Academic Courses

If you pass a stand alone vocational course (only one) listed at Table I on page 25-32, its credit can be combined
with the credits of academic courses for the purpose of certification as Secondary/Senior Secondary level. The request for this may be sent on a plain paper to:

The Director (Evaluation), NIOS
A-24/25, Institutional Area, Sector-62
NOIDA, Uttar Pradesh-201309

or

The Concerned Regional Centre

Please enclose your original Secondary/Senior Secondary mark sheet and the photocopy of the mark sheet of the vocational subject for this purpose.

4.9 Improvement of Performance

NIOS will allow you to apply again in a course, which you have already passed for improvement of performance. This facility is given only once.

4.10 Scrutiny of Marks (Theory)

If you are not satisfied with your result of a public examination, you may apply for scrutiny of marks within 30 days from the date of declaration of results. You may apply in the prescribed proforma or on a plain paper with prescribed fees (through a bank draft) to the concerned Regional Centre of NIOS.

4.11 Issue of Certificates

You may receive your mark sheet from your AVI/SAIED after declaration of the result. Your certificate will be sent to the AVI/SAIED after three to four months.

Please note that NIOS does not issue any migration certificate to its learners of Vocational Education Courses.

You should do the following

- Read the Prospectus carefully. Preserve it for future reference.
- Select course/subject(s) carefully as per your need and future plans i.e. higher studies or job requirements etc.
- Ensure that you fulfill the eligibility criteria given in the Prospectus for the course you are applying for.
- Fill in the online application form yourself giving correct information about your name, address, date of birth etc.
- Ensure that all the scanned supporting documents are uploaded with the application form.
- Pay the prescribed amount of fee for admission and examination.
- Collect your Study Material from your AVI/SAIED after confirmation of admission, without paying any extra money, if not received at your residential address.
- Attend Personal Contact Programmes and Practical Training Sessions at your AVI/SAIED as per the Time Table finalized by it and following the daywise training schedules.
- Register for examination at the appropriate time.
In our country, the dropout rate after primary schools is high, perhaps due to economic and cultural reasons. Hence, it is important that an option be provided for locally relevant education to such learners. Some illustrative sectors, where vocational education can make meaningful contribution to the developmental efforts are Agriculture and Animal Husbandry, Handlooms, Handicraft, IT, Retail, Beauty and Wellness etc. The students at the Secondary and Senior Secondary level must be fully equipped with basic knowledge, technical skills, appropriate attitude and entrepreneurship ability so that they can undertake self employment or skilled wage work.

It is also visualised that many students would like to go in for vocational courses at Secondary and Senior Secondary level through the open learning system as it provides freedom to combine subjects in the scheme of examination. Open learning system is increasingly becoming popular because of its capacity to provide academic and vocational education in a flexible and learner friendly manner, particularly to those learners who could not get access to the formal education system.

NIOS has introduced Vocational Stream at the Secondary and Senior Secondary Level, whereby concerted efforts will be put on skill training in the same or related areas combining it with two academic subjects to earn a Secondary or Senior Secondary certificate alongwith individual certificates for each vocational course.

Initially, the Vocational Stream will be available in the areas of Agriculture and Animal Husbandry, Home Science and Hospitality at Secondary level and Computer and IT and Ayurveda and Yoga at Senior Secondary level. The courses have been developed and notification would soon be issued regarding their availability.

Re: National Open School-Equivalence of Senior Secondary Certificate Examination

Dear Sir,

We have noted that Govt. of India have set up the National Open School on 23 November, 1989. The ‘NOS’ offers courses preparing students for the Secondary and Senior Secondary School Examinations, apart from other courses. The Govt. of India, through a Resolution, vide No. F5/23/90 dated 14 September 1990, vested the National Open School with authority to examine and certify its students.

The Association of Indian Universities, at their recent meeting has granted equivalence of the courses of NOS with those of other examinations of recognized boards for purposes of admission to higher studies at Indian Universities. The matter has been brought to the notice of all Universities in the country for their appropriate action.

Kindly write to us in case of any difficulty by the students; we would approach the Universities accordingly.

Thanking you,

Yours faithfully,

Sub: Eligibility of NIOS learners for admission to pharmacy courses.

Ref: Your letter No. V.13025/01/2013-PMS dt.12.6.2015

Sir

With reference to the subject cited above, it is informed that the above cited issue was considered by the 97th Central Council of the PCI in its meeting held in June, 2015 and decision is as under-

“The Council’s earlier decision on NIOS was reviewed. Keeping in view the larger interest of the country where thrust is given to skill development, the Council considered the issue of students who have passed from Open School system for admission to pharmacy courses. The Council reviewed its policy with the condition that quality assurance in the standards of education should be maintained by all stakeholders and if necessary evolve a mechanism for the same such as the conduct of an exit examination after the completion of the D.Pharm course etc. before the registration of the candidate as a pharmacist under the Pharmacy Act and approved that a student who has passed from Open School education system of the Central Govt. / State Govts. institutions be made eligible for admission to pharmacy courses as per the concerned Education Regulations.

It was further decided that an exit examination for the purpose of registration as a pharmacist will be in respect of all D.Pharm pass out students.”

As regards inserting a sunset clause in the Education Regulations, 1991, it has been decided by the Council-

a) to initiate steps for phasing out the diploma course in pharmacy by 2020.

b) no new D.Pharm course be given permission from 2017-2018 academic session.

Subject: Clarification regarding Equivalence of NIOS certificates – regarding.

Sir,

Please refer above captioned letters on the subject noted above.

In this connection, this is to inform that the matter with regard to acceptance of NIOS certificates for evaluating eligibility of students seeking admission in MBBS course has been considered by the Board of Governors at its meeting held on 13.08.2012. The Board of Governors decided as under:-

“The Board of Governors considered the agenda note and noted the contents of the letter received from the Director, National Institute of Open Schooling dated 28.05.2012 and thereafter decided that since the regulations do not specify as to qualification granted by particular Board will be recognized, therefore, if the requirement of Graduate Medical Education regulations regarding eligibility criteria for admission to MBBS course are fulfilled by the students appearing in 10+2 examination conducted by the National Institute of Open Schooling they may be considered eligible for admission to MBBS course.”
